Applications

- For 19" rack
- 4 x cable entries
- 48 x SC/UPC Duplex
- 2 pcs. PG11 cable glands
- Manufactured in the EU

Description

Complete black metal ODF ready for use.
Includes accessory kit with 2 pcs. PG11 cable glands.

100% manufactured by Micos in the Czech Republic.

Equipped with 2 cable entries on each side, one round hole and one U-shaped opening, allowing installation of cables already fitted with PG11 cable glands.

Prepared for securing the central strength member on both sides.

Pigtails and adapters are Grade B.
Coloured pigtails pre-installed in splice trays.
